1. Write a program to print Hello Students on the screen.

```c
#include<stdio.h>
  int main()
{
 printf("Hello Students");
  return 0;
}
```

2.Write a program to print Hello in the first line and Students in the second line.

```c
#include<stdio.h>
int main()
{

printf("Hello \nStudents");

return 0;
}
```
